AWARDED \$739 FOR THE LOSS OF HIS RIGHT EAR

John C. Wheat of Ogden is awarded \$739.44 by the state industrial commission as damages for physical disfigurement while in the employ of the Eccles Lumber company, carrying its workmen's insurance with the Guardian Casualty & Guaranty company.

Wheat lost his right ear as the result of an accident while he was working for the Eccles Lumber company, July 15, 1917. This is the first award made by the industrial commission as a result of personal disfigurement, and may set a precedent if not overturned by subsequent legal action.

Details of the award are that the Guardian Casualty & Guaranty company shall pay to Wheat \$1230 for temporary total disability of eight days, terminating August 3, 1917, and \$238 per week for six years after that date until a total of \$739.44 is paid.

In the hearing on the application of Kenneth Norman Anderson for damages awarded against Walker Brothers Dry Goods company and the London Guaranty & Accident company, the application was denied by the commission. The applicant claimed to have been injured while serving as a delivery boy for the Walker firm. The testimony was deemed by the commission to show that the employing firm was not responsible for the injury, but that it resulted from an altercation which he had with an expressman.

Today only — PEARL WHITE in "The House of Hate"; RUTH ROLAND in "The Price of Folly"; BRONCHO BILLY in "Billy's First Arrest"; and a big "V" comedy at the Cozy.

BANDITS CAPTURE FIFTH AMERICAN

H. J. Lone, Employed by British-American Tobacco Company, Reported Released.

NEW YORK, April 23.—News of the capture and reported release of H. J. Lone, a Virginian employed by the British-American Tobacco company, by Chinese bandits, was received here today from Washington by the Siems-Carey Railway & Canal company. Advances to the state department from the American legation in Peking dated April 19 and delayed in transmission were quoted as follows:

"The time limit for money rewarded expired yesterday for the rescue of Kyle (George A. Kyle of Portland, Ore.), an American engineer abducted March 5. No result. Therefore general military pursuit is begun."

"Love, an American employed by the British-American Tobacco company, was captured near Tsingtu, Chengtu, and a British missionary was murdered in Fukien. Train on British railway attacked by bandits."

ington then adds this comment to the telegram:

All Released Except Kyle.
"Since the foregoing was received by the state department Love and everyone else who has been captured by bandits seem to have been released except Mr. Kyle. An official of the Siems-Carey company said that the reward offered by them for the return of Kyle was high enough to cover any possible demand."

Kyle as the chief engineer of the Siems-Carey company was engaged in locating possible routes for 2,600 miles of railway in China. It is understood that Chinese troops captured a relative of one of the bandit chiefs and that Kyle is being held as a hostage. This may explain, it was said, the release of the other captives. The manager of the Siems-Carey company in China received a message from Kyle as late as April 13th in which he said he was "alive and kicking."

Tsingtu, where Love is said to have been captured, is near Tsing-Tao, the port taken from the Germans by the Japanese early in the war. Chengtu, the capital of Szechwan province, mentioned in the cablegram, is several hundred miles away. Kyle and F. J. Purcell of St. Paul, a companion, were taken captive near Wuyang in the province of Honan, indicating that the Americans were not the victims of the same gang of bandits.

Officials of the British-American Tobacco company here said they had an American named H. J. Lone in their employ in China, but that they had received no word regarding him.

LONDON, April 23.—An American named Love has been captured by Chinese bandits in the province of Shantung, according to a Reuters dispatch from Peking. The American minister to China, it is added, has suggested to the Chinese government the necessity of appointing an official with powers to suppress bandits and rescue foreign captives.

In the past seven weeks five Americans have been reported captured by bandits in China. On March 11 George A. Kyle, of Portland, Ore., and E. J. Purcell, American engineers, were robbed and taken captive in Hunan province. The bandits were pursued by Chinese troops and on April 1 Purcell was rescued. The whereabouts of Kyle is still unknown.

Miss Katherine Schmidt and Mrs. Stanley M. Dixon, American missionaries formerly of Springfield, S. D., was captured by bandits near the Kiangsu Kiang border April 8. Troops were sent out and the women were rescued unharmed the same day.

OFFICIALS PREPARE TO HANDLE STRIKE

WACO, Tex., April 23.—The authorities here were prepared to handle any situation that might arise in connection with the general sympathetic strike called in support of the walk-out of street railway employees.

Edward Long, a locomotive fireman, was in a hospital with knife wounds in the abdomen, said to have been inflicted during one of the disorders last night. His condition was said to be serious. Two men were under arrest. About two thousand persons, it was declared, joined the strike movement.

SEDITION BILL READY.

WASHINGTON, April 23.—The sedition bill proposing twenty years' imprisonment and \$10,000 fines for acts and utterances of disloyalty or acts designed to obstruct the army draft or Liberty loans, was made ready today for final action by congress. Senate and house conferees reached an agreement on the legislation, recommending all the broad provisions added by the senate.

MAN DIES LEAVING AN ESTATE WITH NO CLAIMANTS

An estate consisting of cash amounting to \$2,869.50 on deposit in an Ogden bank left by Bernardo Landi, who died recently, probably will have no heir to claim it. Yesterday, in the district court, the Kirkendall Undertaking company filed a petition asking that R. A. Moyes be appointed administrator of the Landi estate in order that funeral expenses amounting to \$228.50 might be paid.

The petition stated that no heirs to the estate of the deceased had been found, but he had been heard to mention that he had a sister in Spain. Her address has not been found.

LIEUTENANTS ARE TO BE GUESTS AT A RECEPTION

An informal reception on Thursday evening will be given by the University club in honor of three of its members, all lieutenants in the army, who are now visiting in Ogden on furloughs. They are Lieutenants Eugene Pratt, George Fred Jensen and Rinehart Gideon. The three soldiers will give short addresses during the evening, telling of their experiences and of life army. There will also be an address by Mr. Vandenberg, who recently returned from the Netherlands and is familiar with war time conditions from first-hand knowledge.

Lieutenant Gideon, son of Justice Valentine Gideon of the supreme court, arrived yesterday. Lieutenant Gideon left Ogden with Battery B of the 145th Utah Light Field Artillery, and later attended an officers' training school. With Lieutenant Jensen he is unassigned, but will be given a position in the near future.

Lieutenant Jensen was also a member of Battery B and entered the officers' training school.

The evening at the University club will also be spent in dancing. All of the club members and their lady friends are cordially requested to be present.

AMERICAN CASUALTIES.

OTTAWA, April 23.—The following names of Americans are included in the Canadian casualty list, issued last night:

Died—J. O'Brien, Jackson, Mich.; H. O. Huber, Parthen Springs, Mich.

Wounded: N. N. Anderson, Minneapolis, Minn.; L. Charltonmouth, Los Angeles, Cal.

Gassed: G. H. Maurice, Wyandotte, Mich.; J. E. Wayne, Terre Haute, Ind.

NO LIGHTLESS NIGHT.

WASHINGTON, April 23.—Lightless nights will be discontinued beginning next Thursday night until September 1, under an order issued by Fuel Administrator Gurfield, which says:

"By reason of the late hour of lighting brought about by the daylight saving law, the lightless night order will remain suspended until September 1 next when it will again become effective."

HOLLANDER ARRESTED AFTER DECLARING HIS ENMITY FOR AMERICA AND LOVE OF GERMANY

Fau Antonie von Rookhuyzen, age 28, a prominent baker of Ogden, is in the county jail under arrest, awaiting investigation by the United States department of justice because of alleged unpatriotic utterances. He made yesterday afternoon in the offices of the county exemption board. According to witnesses, von Rookhuyzen is said to have declared his sympathies were with Germany emphatically and he would not take up arms with his American neighbors and go to war against Germany.

Rookhuyzen has been in America since June, 1903, and has not even declared himself ready to take out first naturalization papers. People who know him declare. He claimed exemption from the draft because of the fact that he is an alien. With his father, Paul A. von Rookhuyzen, Sr., he has established a well paying bakery business in Ogden and has enjoyed all the fruits offered by this country in the fourteen years he has been here. Von Rookhuyzen gave his home address as 3636 Washington avenue. He was born in Amsterdam, Holland.

Von Rookhuyzen was called into the office of the county exemption board, together with a dozen other aliens, yesterday afternoon, to confer with the board and see if there was not American patriotism enough in the bunch to make a few recruits for the army. Chairman William Lowder asked von Rookhuyzen what he had to say in regard to lending America a hand during her crisis. Von Rookhuyzen is said to have asked if he had permission to express himself as he felt, and Chairman Lowder told him to go ahead and say what he wanted to. He did and when he had finished and Chairman Lowder showed him his deputy sheriff's badge and told him his remarks were sufficient to place him in jail Von Rookhuyzen's head dropped and he started to weep.

No Right to Butt In.
Those who were present at the meeting declare von Rookhuyzen started in by saying America had no right to "butt into this war anyway" and that he didn't think she had the right to call on anyone to fight when she had entered the war so unrighteously.

He is said to have declared that while he lived in Holland he had formed a strong liking for Germany and the Germans because of the friendly trade relations existing between the two countries and that his sympathies were strongly with Germany. He is

said to have declared that he had a relative in Germany and that he could not take up arms against Germany, because he would be fighting his own blood.

He is said to have repeated several times that he thought America had no business in the war and he could not support the country which was feeding him because of his personal convictions.

Von Rookhuyzen spoke for some time, witnesses say, and his remarks were colored very vividly with pro-German sympathies and indifference to America's situation. He was not interrupted by anyone while he was delivering himself and the three board members, William Lowder, Alma Peterson and A. C. Call, permitted him to say as much as he liked.

Finally when he had finished, Mr. Lowder drew back his coat and showed von Rookhuyzen his star. He then told him he had said enough to warrant his arrest and detention for investigation and told him he was under arrest.

Weeps When Arrested.
When von Rookhuyzen realized that he had talked himself into a rather serious predicament, his face flushed and he broke down and started to weep, saying that he had never been submitted to the indignity of arrest before, nor any of his family. He was taken downstairs, however, despite his blubbering protestations, and locked in the county jail.

This morning Sheriff Peterson got into communication by telephone with the office in Salt Lake of the U. S. department of justice and one of the federal officers will come to Ogden to investigate von Rookhuyzen's case and talk with those who heard him give his opinions.

Von Rookhuyzen came to this country from Amsterdam, Holland, on the steamship Mayflower, and landed in Boston in June, 1903. Since living in Ogden he has been variously employed, but has held to his baker's trade quite regularly. He had been a cooper at the Decker Brewing plant before it was shut down. He also worked for the Southern Pacific railroad as a block signal operative and as a telephone lineman for the local telephone company.

After his arrest, he had little to say except to protest his innocence of any intent to get himself into trouble.

The other aliens who visited the draft board's offices yesterday afternoon were all dismissed.

SECTION FOREMAN ON THE U. P. PAYS \$5000 CASH FOR LIBERTY BONDS SOLD ON SPECIAL TRAIN

(Special Dispatch.)

GREEN RIVER, Wyo., April 23.—The tour of the Union Pacific Liberty loan special, which left Omaha on Thursday morning April 18, came to a triumphant end here yesterday. More than fifty stops were made in the thousand miles run from the Missouri river city and the urgent need for the fullest subscriptions to the third Liberty loan was eloquently made known to nearly 40,000 people. Tremendous ovations were given at all of the points visited and in Cheyenne, Laramie, Rawlins, Hanna, Rock Springs, Green River and Evanston parades were organized consisting of almost the entire population of these communities.

The enthusiasm for the third Liberty loan was marked at all points. All the parades were led by the Union Pacific band of twenty-three pieces, composed of employees in the Union Pacific shops at Omaha. At Cheyenne, it was necessary for W. M. Jeffers, vice president and general manager, to turn back to Omaha, but the special was continued west in charge of F. H. Hammill, general superintendent.

Among the Union Pacific employees there has been a large number of Liberty loan subscriptions. Sam Wilson, a section foreman on the Union Pacific at Echo, Utah, subscribed for \$5,000 in Liberty bonds, paying cash, and the section men on this section subscribed for an additional total of \$6,300 in cash. A watchman on the western division subscribed for \$6,000 in bonds, paying cash. The total subscription from the Union Pacific employees to date runs close to \$1,500,000.

F. H. Hammill, W. F. Gurley, N. H. Loomis, T. F. Hamer, C. J. Lane and Ballard Dunn continued with the special to the end. All these men left Green River last night on their return journey.

BEEF PRICES ARE FIXED BY BOARD

WASHINGTON, April 23.—Maximum prices to be allowed in May on purchases of beef for America's fighting forces and the allies were announced last night by the army, navy and marine corps. While the government controls beef prices only to the extent of saying what it will pay, the purchases under government direction are so enormous that the maximum figures now fixed are expected to go far toward stabilizing prices to the domestic consumer.

The plan is to continue allotting government and allied contracts among the packers at prices based upon prevailing livestock markets, provided they are not higher than the stated maximum. On the other hand, if there should be a drop in the market such an agreement on prices has been reached in the meantime, the federal trade commission will be called upon to as-

certain costs upon which to base new maximum government prices.

Consolidation of all meat purchases for the government and the allies in a single bureau at Chicago also was announced by the food administration. E. L. Roy of the administration's Chicago branch, will be commissioned in the army quartermaster corps to take charge of the office. He will be assisted by Gordon Hatley of Chicago, in connection with purchases for the allies.

Following is the announcement of the beef prices:

"The army and navy and the marine corps announce that their meat requirements for May delivery (except upon the Pacific coast) will be allotted among the packers (unless lower bids are received) at prices based on livestock markets, but in no event higher than the following prices per hundred pounds:

"Good steers, 500 to 600 pounds f. o. b. New York, frozen and wrapped, commercial trim for export \$24.05.
"Same 600 to 700 pounds \$24.80.
"Same, 700 pounds up, \$25.55.
"Navy requirements, \$24.65.
"Cows, 500 to 600 pounds, \$21.50.
"Army beef of special weights, with special trim or for special purposes will have proper differentials.
"In case the markets go lower and prices are not agreed upon, they will be determined by the government."

which will ask the advice of the federal trade commission in cost ascertainment if necessary. The allies will not buy at higher levels than the army and navy.

MASSED ATTACKS ARE CALLED OFF

LONDON, April 23.—The enormous losses inflicted on the enemy by the British have caused General Ludendorff to change his tactics and he has ordered that no more massed attacks be made by the Germans. The correspondent of the Daily Mail at British headquarters in France reports that General Ludendorff, in a dispatch dated March 30, said:

"The idea of forcing success by the employment of masses must be abolished absolutely. It only leads to unnecessary losses. The effective use of weapons, not of numbers, gives the decision."

The German method of advance, since the order says the correspondence, has been to push forward small bodies of troops with light machine guns.

LEAVES OF ABSENCE.

OTTAWA, April 23.—Reuters's Ltd. correspondent at British headquarters in France, says that, according to German prisoners, leaves of absence will be resumed in the German army early in May.

"Such action," the dispatch says, "suggests that the enemy anticipates a decision or the abandonment of the offensive by them."

NEGRO IS LYNCHED.

LEXINGTON, Tenn., April 22.—Darryl Noyes, the negro who shot and killed Sheriff W. E. McBride near here last Saturday, was hanged in the court house yard today by a mob. The sheriff sought to arrest Noyes for violating the state prohibition law.
